

GRAND PLIE

Ludovica e Roberto Palomba,

Outdoor sofa designed for the ancient and very noble art of conversation, in which everyone can find their own seating depth and ideal position: more composed or more gently relaxed, depending on temperament or the occasion of the day. Grand Plié can seat up to four people, opens up like an embrace and then welcomes, in the projection of its curve in a sort of controlled vacuum, the Plié armchairs and Piaffé coffee table that create a harmonious and at the same time extremely elegant whole.

Polyethylene monobloc. Indoor/outdoor use.
