

LOU SPEAK

Philippe Starck,

"When you sit on a Lou Speak you are obliged to raise your level of conversation. If you don't, your chair will look more elegant than you do." Philippe Starck. The Lou Speak is an addition to the Lou family. It's now time to talk. This comfortable, cocooning, swivel chair has just shown up after Lou Read, Lou Think and Lou Eat.

Swivel base made of cast aluminum in polished mirror finish. Shell in polyurethane foam with internal structure in steel rod, with fabric or leather fixed cover. Indoor use only.
