

CHERRY ME UP

Nika Zupanc,

Melt Me is a collection of lacquered ceramic objects created by designer Nika Zupanc for Driade. The inspiration comes from pop culture, both in an aesthetic and symbolic sense, and from the idea of freezing a beautiful melting moment in an iconic way, almost as if it were a pictogram. In Nika Zupanc's work, art - cinema, music and literature - becomes a source of inspiration to develop new and surprising designs with a feminine, poetic character and, at the same time, with a strong and absolutely recognisable aesthetic.
