

BASIL

Model BASIL chair in mixed materials: seat in polypropylene with a leaf-shaped design and metal frame. Stackable up to four chairs high.

The chair shape, which evokes a basil leaf, thanks to the central nervure, becomes at the same time the structural and decorative motif of this product.

Given its features, we recommend it not only for the home environment but also for the cafe and restaurant. Available in various colours and finishes, some also suitable for outdoor use, choose the combination you prefer.
