COCOON

The idea behind the COCOON armchair was to create a 60s aesthetic energised with a contemporary and modern feel that includes a sturdier frame and bulkier cushioning for an invitingly comfortable seating experience. Covered in soft fabric with ruched detailing, it sets a welcoming mood with slightly retro overtones. Enveloping armchair with a monobloc shape in low-density cold-foam polyurethane. Perfect for the office, this version with a spoked aluminium frame features a swivel design and an automatic return mechanism.
