

Jill

Jill is a fixed or sectional sofa with an enveloping aesthetic that oozes energy. Drawing inspiration from the iconic individual style of Pierre Paulin, it hinges on the concept that beauty can cradle the body and the aesthetic setting it belongs to. The collection includes various kinds of corner elements and a chaise longue seat which allow for considerable personalisation and scope for adaptation to the particular environment and customer requirements. Putting a modern twist on a seventies' style, the yielding padding morphs into a backrest and armrests which curve around into a continuous crescent created to lull you into relaxation and warmth.
