

OMNIA

OMNIA drop-leaf table with perimeter legs and frame in wood. Rectangular top in wood or tempered glass.

The OMNIA table contains an ingenious mechanism able to expand the top surface. Pull the frame towards you so that the two legs with hidden castors slide on one side allowing the leaf to be pulled out. With a simple rotation the leaf fitted on metal tracks comes out of its housing and lines up with the top. The perimeter legs have a slanting cut in the inside part, a distinctive detail in the aesthetics.

OMNIA is a drop-leaf table for furnishing the dining room. Configure it in the version you prefer.
