

BOMA

The Boma table is inspired by the boom of a sailboat, which is the horizontal beam that supports and keeps the mainsail taut. The die-cast structure is combined with a ceramic top, in an interesting dialogue between contemporaneity and classicism. The table is equipped with a folding-type extension.

<b>Total Height:</b>	30 inches
<b>Width:</b>	51 1/4 (74.803 7/8 ) inches
