

Herbarium of Extinct Plants Carpet

MOOOI

The Herbarium of Extinct Plants Carpet is inspired by the recovered drawings of ancient flora. Mooodi dug through lost archives all over the world and found a wealth of botanical sketches made by early travellers. Motifs and patterns from those recovered drawings were created, bringing the extinct plants back to life. The Herbarium of Extinct Plants Carpet brings the old world into your home.

Detailing

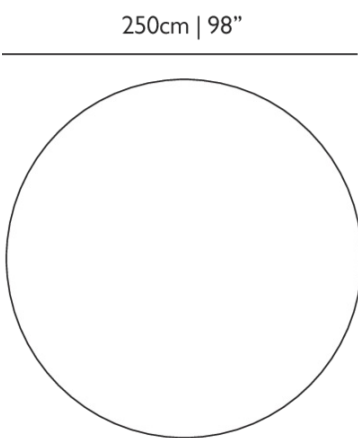

The Herbarium of Extinct Plants Carpet is a celebration of extinct plants that have come back to life.
