

Silk Bombis Kimono

MOOOI

The Silk Bombis Kimono is part of Mooodi's Green House Bedding Collection. The Kimono displays an enchanting digital watercolour print in shades of ivory, mauve, lilac, old rose, beige and cream. The design is based on the silks of Silk Bombis with the hues of the flowers they consume unfolding in this fascinating watercolour style weave. The kimono is made of high-quality 70% lyocell and 30% cotton, making it extremely soft to the touch. Lyocell is durable and offers breathability as a feature.
