

Woodblock Beetle Bedspread

MOOOI

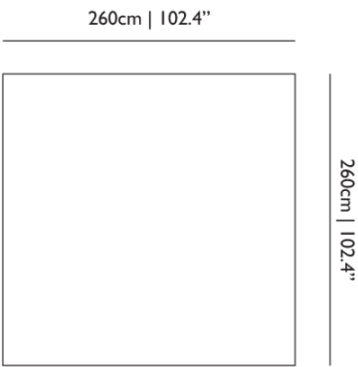

The Woodblock Beetle Bedspread is part of Moooi's Green House Bedding Collection. The Bedspread is made of cotton satin, featuring a unique quilted pattern inspired by the Woodblock Beetle, a master at carving enchanting motifs into the bark of trees and shrubs. The front has a soft mauve/lilac colour and the back a greyish cream colour. The shiny satin fabric feels wonderfully soft and gives the bedspread a luxurious feel. The bedspread is decorated with a satin border.
