

NEMO MINIATURA VELVET

Fabio Novembre,

Nemo, the iconic mask-armchair designed by Fabio Novembre' in 2010, has also become a miniature object representing Driade's design. Already available in the glossy polyethylene version in white, black, red, grey and metallic gold or silver, Mini Nemo is now available in a brand new velvet version which, together with the personalisation on a steel plaque, makes it a precious object and particularly suitable for a designer gift.

The Nemo Miniature Velvet, is made of ABS and then enriched by a flocking process. A steel plate is hand-applied to the bottom, bearing a laser-engraved logo, name of the product and of the designer.
