

SISSI GREEN COLLECTION

Ludovica e Roberto Palomba,

Driade launches Black is the new Green, a capsule collection composed of iconic chairs and armchairs entirely made of recycled plastic material.

This collection is made of material which comes from industrial recycling, partly from internal production waste, and therefore controlled, and partly from post-consumer recycling, i.e. from products disposed of with separate collection - such as PET bottles - and recycled thus giving life to new objects. All products made with this material are characterised by neutral colours - such as black specifically - which makes them homogeneous.

Monobloc stackable entirely made of recycled plastic material. Also available with seat cover. Indoor/outdoor use.
