

## Fregio Wall

*Andrea Anastasio*  
*2023*

A wall lamp with a strong narrative and decorative impact even when turned off; when lit, it creates enticing environmental lighting. Fregio is a luminous sculpture made of hand-crafted glazed ceramic floral bas-reliefs, obtained by selecting portions of historic molds from the Gatti ceramic arts workshop of Faenza, and LEDs, combining a contemporary approach with age-old artisanal know-how.
