

Genie® 24/7

The award-winning Genie® series by Henner Jahns » is celebrated for its sleek design, advanced ergonomics & exceptional versatility. Its signature genie lamp-shaped back frame, paired with 4-way stretch elastomeric mesh, enhances both aesthetics & upper body mobility. Offering six seat sizes within the same framework, along with a wide selection of adjustable arms & a choice of synchro or body balance technology, Genie® delivers a fully customizable, ergonomic sitting experience tailored to any user.

Design by Henner Jahns

Henner Jahns, founder and lead designer of Gecco Vision (est. 1997), specializes in creating tailor-made office furniture. The company focuses on cultivating a vision into reality. The small design team is seen as an advantage, allowing each member to really focus on the development of something new. The result is numerous, award-winning, seating solutions that stand out.

Smart Features

1) Ergonomic Back Shape: The signature genie lamp-shaped frame narrows at the top to enhance upper body mobility & thoracic movement.

2) Adaptive Mesh Support: 4-way stretch elastomeric mesh flexes with the user, delivering breathable, continuous back support. Also available in award-winning, patented, copper-infused mesh with natural, additive-free, self-sanitizing properties.

3) Signature Comfort: Genie® features Via Seating's proprietary comfort foam, delivering long-lasting support with a plush, responsive feel that outperforms standard cushioning.

4) Precision in Motion: The quick-adjust synchro with seat depth adjustment, forward tilt, a 5-position tilt limiter, back tension & height adjustment—delivering total ergonomic control at your fingertips.
