

Joí

Joí is simplicity with presence. It draws the eye and offers a casual sitting experience wherever it is placed. A tantalizing array of color options are offered across seat trim. This rests atop a polished, beech wood base available in low stool, counter stool & bar stool heights. The sleek, bar stool affords an ample foot ring color matched to the seat trim to create synergy and continuity in design.

Design by S.I. Design

In 1996 Lorenzo founded S.I. Design with designers Mirco Pegoraro and Mauro Naletto. S.I. specializes in furniture design, particularly for offices and communal spaces. Today, their team of eight focuses on design and technical assistance in product development utilizing advanced modeling programs.

Smart Features

1) Customizable Comfort: Joí stools feature a round, comfortable seat that can be upholstered in a variety of textiles, allowing for color matching or contrasting with the seat trim to suit diverse design preferences.

2) Coordinated Details: Seat trim color options are designed to match the foot rings on the counter & bar stools, creating a cohesive, polished look.

3) Sleek Beech Wood Base: Joí stools feature a polished beech wood base with a sleek 4-leg design, providing both stability and a minimalist aesthetic.
