Fidelio

The Fidelio Sofa by Natuzzi Italia is a masterpiece of Italian design, crafted by Manzoni & Tapinassi. This innovative sofa features superb artisanal workmanship, with pinched seams that highlight the exquisite leather. Its exclusive motion systems, including a reclinable footrest and headrest, allow for personalized comfort. The Soft Touch mechanism and Zerowall space-saving system enhance its versatility and functionality, making it a perfect fit for any space.

Comfortness is the Natuzzi philosophy that harmonizes mind, body, and soul, generating deep well-being for the individual.

Design by Manzoni & Tapinassi

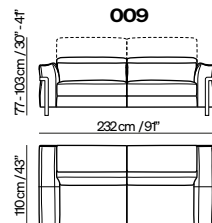

The fascinating encounter between the extensive experience of Professor Roberto Tapinassi and the expressive originality of architect Maurizio Manzoni began in 2001. From the start, the two designers found common ground in their decision to develop ideas around contemporary living and their desire to present innovative solutions that aim to build on the Italian philosophy of forward-looking, research-based design.
