# Pagoda

Pagoda is characterized by clean lines and simple shapes to be combined with rich modular solutions including an integrated console and table system.

The search for harmony taught us this, blending the elements with great care to achieve visual and spatial harmony.

Comfortness is the Natuzzi philosophy that harmonizes mind, body, and soul, generating deep well-being for the individual.

## Design by Antonella Digirolamo

After her studies at the Italian Academy of Fine Arts and with decades of experience at the Natuzzi Design Center, Antonia Digirolamo expresses her creativity through projects that embody comfort and heritage, naturally embracing the Comfortness philosophy, which is rapidly emerging as a distinctive value for all our customers.

## Choose your Pagoda

The Pagoda project is extremely versatile, thanks to its 14SKUs, which allow for unlimited configurations suitable for any space, from retail stores to the homes of our customers.

## Versatility and Configurations

The “Versions and Compositions” chart aims to showcase the full versatility of the project. In particular, Pagoda offers elegant design solutions with integrated bookshelves.

**272+274**

**576+578**

**Q50+Q38+274**

**576+291+Q52**

**Q50+202+073**

**576+Q38+202+Q52**

**Q50+Q38+202+073**

**Q50+Q38+202+202+274**

**Q50+291+202+202+073**

Thanks to the configurator, this versatility can be customized according to the client's needs.

## Technical features

Pagoda project combines various functions and mechanisms capable of delivering a profound sense of comfort. This makes it the highest expression of Comfortness, the Natuzzi philosophy that harmonizes the well-being of mind, body, and soul.

Triple motion mechanism with independent control for headrest, lumbar and footrest

Electric and manual headrest

Zero Gravity for whole body extension

Seat "365" with remote control

Also available without recliner

Integrated multifunctional tables

Leather and Fabric (with contrast piping)

Battery available for selected versions

### Triple power motion Mechanism

The triple power motion mechanism, with a control panel that individually activates the footrest, headrest, and lumbar support, allows the seating position to be adjusted for maximum comfort, catering to every individual's needs and providing a fully personalized comfort experience.

### Zero Gravity Function

The "Zero Gravity" position is achieved through the triple-motion function, which elevates the feet to heart level, enhancing circulation and providing an optimal relaxation position. The mechanism of the Pagoda project has a wider opening of 8 degrees compared to the Mindful 3289 model

### Micromobility

Starting from the ideal relaxation position, the sofa moves imperceptibly to keep the body's muscles active. It works by slowly tilting the seat and footrest simultaneously with micromovements that improve blood circulation, contributing to a deeper state of relaxation.

### 365 Function

This function controls the movement of the headrest and lumbar area, promoting the synchronization of breathing and heart rate. It is recommended to perform the function 3 times a day, with 6 breaths per minute for 5 minutes. Following this wellness program significantly reduces daily stress levels.

### Pagoda Remote Control for Superior Comfort and Personalized Experience

The remote control for the Pagoda model is designed to enhance the comfort experience, elevating the customer experience to new heights. With the remote, users can easily activate the Micromobility and 365 functions, providing optimized management of these features. Additionally, it allows for the storage of up to 3 preferred relaxation positions, ensuring personalized comfort. The remote can connect up to six seats, simplifying and optimizing control for a seamless experience.

## Technical features

Pagoda is characterized by clean lines and simple shapes to be combined with rich modular solutions including an integrated console and table system.

### Coverings:

The sofa is available in leather (starting from category 15 Le Mans) and fabric. Not available in Misterbianco. When the sofa is in fabric, the second covering can be: Le Mans cat.15, Status cat. 25, Stromboli cat.30, Siena cat.40.

### Finishing:

base and integrated bookshelves available in tobacco ashwood 44

A side pocket for convenient storage

## Technical description

### Pagoda

Pagoda is a tribute to balance, calm, and contemporary elegance. Inspired by modern minimalism and the natural flow of organic forms, this hand-knotted wool rug combines soft, asymmetrical lines with refined simplicity and artisanal quality.

**Premium material:**

Crafted from 100% high-quality wool — natural, durable, and warm to the touch.

**Authentic craftsmanship:**

Each piece is unique, the result of a meticulous, handmade process.

**Organic design:**

Irregular shapes that flow naturally in any space — perfect for customers seeking a contemporary yet organic feel.

**Versatile colors:**

Neutral tones with soft layering to blend seamlessly into various styles, from minimal to boho, from Nordic to modern.

**Technique:**

Hand knotted

## Moodboard warm neutral

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Salina leather has been paired with Montemario fabric, along with Piazzadispagna velvet. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.

## Moodboard warm neutral

Along with the moodboard of coverings and materials, the Natuzzi Style Center harmonizes the living room with furniture and accessories to complete the interior design project.
