# Stan

Introducing the Stan sofa, designed by Enrique Marti, offering exceptional versatility in dimensions and configurations. It features a dual power mechanism for independent lift up headrest and footrest adjustment, with a high backrest and integrated lumbar cushions for extra support. The space-saving Zerowall system allows recliner activation even when placed against a wall, making Stan adaptable to any space requirement.

## Design by Enrique Martí

Enrique Martí graduated in Valencia with a master's degree in Design and Product Development. His professional commitment is focused on multidisciplinary design, intended as a global service aimed at his clients, applied in every activity. Enrique Martí's studio collaborates with numerous international companies and specializes in the design and development of furniture.

## Choose your Stan

The Stan project is extremely versatile, thanks to its 25 SKUs, which allow for unlimited configurations suitable for any space, from retail stores to the homes of our customers.

## Moodboard green

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Le Mans leather in Cement colour has been paired with Sanbabila fabric in Rope colour. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.
