

# Menagerie of Extinct Animals Beach Towel

MOOOI

Get ready for the beach in seconds! The Menagerie of Extinct Animals beach towel features an exotic and botanical motif inspired by sketches of now-extinct animals. The motif is printed on a jacquard woven pattern, making the towel wonderfully soft. The motif conveys an enchanting depth and mysticism, thanks to the vivid colours in the coats and feathers of the extinct animals. This is further emphasised by the jacquard pattern. The beach towel has a woven border at the top and bottom. The towel has a woven loop for easy hanging.
