

# No Screw No Glue Cabinet

JOOST VAN BLEISWIJK

No Screw No Glue Cabinet by Joost van Bleiswijk is the archetypal cabinet with a classic and iconic feel, but with a modern twist. It's constructed from an innovative and eco-conscious material, Richlite. Richlite is made from recycled paper, responsibly harvested trees, and EcoBind resin. It's durable and sustainable. As the name implies, the No Screw No Glue Cabinet needs no screws or glue. You don't even need tools to put it together. To connect the elements and give the cabinet shape, you slide the elements into each other. No Screw No Glue celebrates that feeling of accomplishment when you create something with your own hands.
