

Oslo

Experience the perfect fusion of classic comfort & refined design with the Oslo chair by Ed Abadie of ABA Design. This timeless piece showcases Via Seating's proprietary injection-molded comfort foam, expertly crafted over an automotive-inspired steel framework for unparalleled durability & support. Available in high & mid-back options, Oslo exudes luxury, especially when upholstered in rich leather & finished with meticulously hand-sewn saddle stitch detailing. Designed for those who appreciate both style & substance, Oslo delivers sophistication with every sit.

Design by Ed Abadie

Via Seating's quintessential execu-task series, Linatè & Oslo, were designed in collaboration with Ed Abadie (ABA Design) to deliver superior comfort & craftsmanship. These chairs feature Via Seating's signature injection-molded comfort foam, a durable steel framework inspired by automotive engineering & expertly hand-stitched detailing. The result is a perfect blend of ergonomic support, long-lasting durability & refined elegance.

Smart Features

1) Adjustable Support: Articulating headrest tilts up to 35° for personalized neck & head comfort on the high back.

2) Exquisite Craftsmanship: Captivating saddle stitch lines are meticulously hand-sewn, adding a refined, luxurious touch to Oslo's design across its high & mid backs.

3) Traditional Elegance: The Oslo chair's #17A arms feature fully upholstered, traditionally styled fixed arms with a wood interior, enhancing both comfort & aesthetic appeal.

4) Signature Comfort: Carmel pairs Via Seating's proprietary injection-molded comfort foam with an automobile-inspired steel framework, creating a plush, supportive sit that surpasses standard cushioning.
