Formentera Armless Dining Chair

Designed by Kara Mann. Featuring exposed aluminum tube, twisted all-weather rope and deep green marble, our Formentera collection is organic luxury. Generous in scale and comfort, the Formentera Armless Dining Chair transforms traditional aesthetics for a coastal lifestyle — enjoy outdoor cushions with extra Dacron for a plush appearance framed by a relaxed pitched back of tubular extruded aluminum, powder coated in bronze and hand woven with all-weather rope in our workshop. The rope features a twisted detail that recalls functional nautical ropes. Contemporary in proportion, this armless piece offers ease of use and a striking silhouette.
