

HARBOUR

Lucca Round Coffee Table 33"

Our indoor/outdoor Lucca collection features dynamic angles, organic curves and a unique tripod construction. The Lucca Round Coffee Table 33" is a conversation piece — handcrafted from a choice of Italian Arabescato marble or European natural travertine, and supported by an aluminum substructure to reduce weight. Stone sealant preserves its unique character and makes this modern round coffee table a versatile piece for use indoors and out — but wherever you place it, it will be a statement. Available in two sizes of varying height and diameters, each can stand alone or be grouped together for the perfect layering.

FEATURES

- Travertine stone is a natural product. Expect patterns and textures to be unique to each top.
- Marble stone is a natural product. Formed by deposits in the earth, expect variations in color and veining to be unique to each top.
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
