## Hamilton Coffee Table

Our Hamilton collection pairs clean lines with practical design. The Hamilton Coffee Table was designed as the perfect anchor for your seating set — featuring an extruded aluminum base in Asteroid or Taupe with a matching slatted top and curved edges that echo the curved backs of the collection. This effortless contemporary coffee table is made to be incredibly versatile, elevating any outdoor space.

### FEATURES

- Frame handcrafted of extruded aluminum in our workshop
- Superior quality powder coating applied for weather resistance
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.

<b>Width:</b>	58.9 in / 1495 cm
