

HARBOUR

Breeze XL Teak Dining Chair

A signature Harbour collection, our Breeze XL Teak line features cylindrical solid teak craftsmanship with a seaside feel. The Breeze XL Teak Dining Chair is a perfect complement to our table — with an all-weather Batyline sling seat and back for support and easy cleaning stretched across an aluminum frame, no cushion required. This laidback piece is made for a variety of table sizes and grander spaces.

FEATURES

- Frame handcrafted of sustainably sourced solid Indonesian teak in our workshop
- When properly maintained and cared for, teak is the ideal outdoor material with its natural resistance to weather, cracking and rotting. Please refer to our Care + Maintenance Guide for additional information about the care and natural beauty of teak
- Batyline mesh sling suspension adds comfort to the sit and overall functionality. Batyline mesh is easy to clean, as well as resistant to fading, stretching and stains.
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
