Maui Oval Coffee Table

Designed by Marcel Wanders Studio. Featuring a signature radial rope pattern that creates a sophisticated rhythm, our Maui collection is nomadic luxury. Crafted from hand selected slabs of natural travertine, the Maui Coffee Table is the perfect anchor for your outdoor seating set — featuring a long oval top that echoes the collection's curves, supported by shaped legs with softened edges that intersect to create a bold geometry. The true highlight of this table is the natural beauty of the stone, with all of its coloration, pitting and texture. Built on an aluminum sub-structure and sealed for additional protection, this piece is made to endure the elements. Nest or layer with the Round Side Table to add dimension to any space.
