## Scala Side Table

Crafted from an innovative concrete composite, these soft, sculptural nesting tables boast a chalky limestone finish that recalls the ancient white limestone cliffs that inspired their name. The Scala Round Nesting Side Table showcases a new design in a brand-new material—poured into our custom molds, Composite Concrete - Salt assumes fluid and organic shapes while maintaining the strength suitable for the outdoors. Part of a trio of tables, this table is designed in a single pedestal base with a rounded top, and meant to be clustered with the collection's other pieces to curate overlapping shapes alongside your seating configuration. A harmony of soft shapes and edges, this outdoor side table elevates your outdoor entertaining with a unique, design-forward touch.

### FEATURES

- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging.
- Adjustable non-marring nylon floor glides
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
