## Nova Aluminum Round Dining Table 48"

Sculptural simplicity echoes midcentury design in our Nova collection, where sleek and sophisticated lines provide an understated foundation for the contrasting textures of aluminum and travertine. The mixed-material Nova Round Dining Table 60" anchors your outdoor dining experience — featuring a powder coated aluminum base in Aluminum Bone with an inset travertine top in Natural. At a very practical 48" in diameter, this table is versatile enough for small-to-medium spaces and would also work as a cafe-style table for up to four. Elegant in its restraint, this piece adds a refined touch to your space. Pair it with any dining chair to complete your outdoor dining set.
