Andre Rectangle Dining Table

The Andre Rectangle Dining Table is inspired by classic wrought iron European furniture—featuring our signature powder coated aluminum frame in a thinner style that creates an airy openness. An inset stone top showcases the rounded ends of the table for a more contemporary look. Petite in scale but grande in design, this outdoor dining table captures the look and feel of iron in an elegant construction that you might discover sitting in the garden of a five-star hotel in the South of France. Complete your outdoor dining set with the matching dining chairs.

FEATURES

- Ball feet detail.
- Aluminum frame with stone top.
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging.
- 7mm adjustable non-marring nylon floor protectors in black.
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
