## MLB Aluminum Armless Dining Chair

A collaboration with decorated interior designer Martyn Lawrence Bullard, our MLB collection, now in aluminum, balances modern proportions with a striking juxtaposition of outdoor materials. The MLB Armless Dining Chair is a standout — subtle curves add interest and elevates a versatile basic dining chair. No cushion required, our all weather rope adds a low maintenance and comfortable suspension to the seat and back. A truly versatile statement piece, layer this design into a multitude of aesthetics or leave it as a stand-alone to really let it shine.

- Frame handcrafted of recycled aluminum that has been powdercoated in top of the line paint for protection
- Back and seat hand wrapped with twisted resin rope for an open and comfortable design
- When properly maintained and cared for, teak is the ideal outdoor material with its natural resistance to weather, cracking and rotting. Please refer to our Care + Maintenance Guide for additional information about the care and natural beauty of teak.
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
