Pure Square Side Table

Our Pure collection focuses on teak as its primary material — interpreting natural roots, stumps and live edges as everyday lifestyle pieces. Made from the roots of the teak tree, the Pure Square Side Table is bespoke outdoor beauty — we hand select solid Indonesian teak roots with defining details to let the personality of the wood shine, creating a practical side table in a simple square silhouette. Its unique organic nature makes this rustic piece the perfect contrast to any style.

FEATURES

- Frame handcrafted of sustainably sourced solid Indonesian teak in our workshop
- When properly maintained and cared for, teak is the ideal outdoor material with its natural resistance to weather, cracking and rotting. Please refer to our Care + Maintenance Guide for additional information about the care and natural beauty of teak
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
- Over time, each unique piece will intentionally experience movement, cracks and changes in the appearance of the wood.
- Can be found at delivery or aftertime with use.
