## Gio Ottoman

European tailoring meets fully upholstered outdoor lounging in our Gio collection, where sinuous lines take dynamic sculptural shape to soften your space with a contemporary elegance. The Gio Ottoman is equal parts refined style and luxe comfort — hand upholstered in performance textiles in Riviera Ivory on an aluminum plinth base in Aluminum Taupe that adds that extra touch while protecting the ottoman from the ground. Masterfully designed for comfort, support and a variety of settings, this showcase piece redefines outdoor luxury living. Made to do double duty as both an ottoman and coffee table, pair it with our Gio tray to unlock new functional uses for lounging and entertaining.
