Formentera Nesting Side Tables

Designed by Kara Mann. Featuring exposed aluminum tube, twisted all-weather rope and deep green marble, our Formentera collection is organic luxury. The Formentera Nesting Side Tables transform traditional aesthetics for a coastal lifestyle — featuring an open silhouette, hand woven with all-weather rope in our workshop. The rope features a twisted detail that recalls functional nautical ropes, while the interwoven grid creates a subtle but dense patternation of form over the aluminum substructure. Topped with a stone surface in your choice of marble or travertine, these pieces are the perfect mix of contemporary materials for any outdoor space. Use this pair of tables in a variety of ways: fully nested (smaller hidden beneath larger), layered for dimension or separated for maximum surface use.

Width:	20 in / 508 cm
