Pacific Teak Chaise

Our Pacific collection features clean lines with a California rustic essence. Part of our sectional collection, the Pacific Chaise is streamlined comfort — relax on a plush domed bench cushion with a knife-edge back cushion, supported by a Batyline sling suspension for added comfort. Handcrafted from square beams of solid Grade A Indonesian teak, this coastal piece effortlessly fits in any space — and uniquely features a universal arm that can be used as a left or a right, making it even more versatile. Pair it with a 2 seat 1 arm or 2 Seat Armless Sofa to extend it as a sectional.

- Frame handcrafted of sustainably sourced solid Indonesian teak in our workshop
- When properly maintained and cared for, teak is the ideal outdoor material with its natural resistance to weather, cracking and rotting. Please refer to our Care + Maintenance Guide for additional information about the care and natural beauty of teak.
- Concealed Batyline mesh sling suspension adds comfort to the sit and overall functionality. Batyline mesh is easy to clean, as well as resistant to fading, stretching and stains.
- 1 seat cushion and 1 knife-edge back cushion included. Resistant to outdoor mildew, stains and fading.
- Quick dry flow-through foam seat cushion features a Dacron wrap for sink-in comfort. Back cushions are filled with Dacron.
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
