

HARBOUR

Breeze XL Aluminum 2 Seat Sofa

A signature Harbour collection, our Breeze XL line mixes tubular aluminum construction with solid teak accents for an alluring simplicity. The low-profile Breeze XL 2 Seat Sofa is modern comfort — enjoy plush cushions on a powder coated extruded aluminum frame with an aluminum slatted suspension, plus solid teak arm inlays that help cool the armrest. This elegant piece sets the tone for smaller spaces.

FEATURES

- Frame handcrafted in our workshop of extruded aluminum and solid Indonesian teak inlays in the arms
- Superior quality powder coating applied for weather resistance
- Concealed aluminum slatting supports the sit and allows for proper flow-through of the elements
- 2 seat cushions and 2 box back cushions included. Resistant to outdoor mildew, stains and fading.
- Quick dry flow-through foam seat cushions feature a Dacron wrap for sink-in comfort. Back cushions are filled with Dacron.
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
