Pacific Aluminum Extension Dining Table

Our Pacific Aluminum collection features clean lines with a California rustic essence. The Pacific Aluminum Extension Dining Table is the perfect gathering place for up to twelve — handcrafted in powder coated aluminum with a simple slatted top. This piece effortlessly fits in any space and easily expands with a folding leaf mechanism to accommodate impromptu guests. When the table is extended, the length of the table increases to 123.8 inches, allowing for more guests to sit around the table.

FEATURES

- Frame handcrafted of extruded aluminum in our workshop
- Superior quality powder coating applied for weather resistance
- An included pull-out leaf — concealed in the center — provides additional seating. The table sits 8–10 guests comfortably when closed. And sits 10–12 comfortably when extended. The extended width of the table is 123.8"
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.

Width:	90.8 in / 2305 cm
