Pacific Teak Extension Dining Table

Our Pacific collection features clean lines with a California rustic essence. The Pacific Extension Dining Table is the perfect gathering place for up to twelve — handcrafted in either solid Grade A Indonesian teak available in Charcoal or Natural with a powder coated aluminum substructure for maximum support. This modern dining table effortlessly fits in any space and easily expands with a folding leaf mechanism to accommodate impromptu guests. Pair it with our outdoor dining chairs to make the perfect outdoor dining set. When the table is extended, the length of the table increases to 129.7 inches, allowing for more guests to sit around the table.

FEATURES

- Frame handcrafted of sustainably sourced solid Indonesian teak in our workshop
- When properly maintained and cared for, teak is the ideal outdoor material with its natural resistance to weather, cracking and rotting. Please refer to our Care + Maintenance Guide for additional information about the care and natural beauty of teak
- Slatted top allows the teak to naturally expand and contract with changing weather
- Extendable dining table includes a pull-out leaf concealed in the center, which provides additional seating. The table sits 8–10 guests comfortably when closed. And sits 10–12 comfortably when extended. The extended width of the table is 129.7".
- Choose from matching solid teak legs or contrasting aluminum legs
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
