Parker Lounge Chair

Tubular bronze aluminum, thick strapping and refined piping effortlessly update mid-century charm with contemporary sophistication for any outdoor space. The Parker Lounge Chair is a bold design statement—enjoy a comfort-driven seat cushion and bolster back, supported by a tubular metal frame and high-quality strapping woven in parallel lines in both directions for added interest as it's spotted through the seat deck or back. Details like contrast piping and a subtle shape placed at the foot complete this design-forward low seating collection. A gorgeous and intricately crafted piece, this outdoor lounge chair brings a touch of tradition into modern day.

FEATURES

- 1 seat cushion and 1 bolster back cushion included.
- Resistant to outdoor mildew, stains and fading.
- Quick dry flow-through foam seat cushion features a Dacron wrap for sink-in comfort.
- Back cushion is a shaped foam core with dacron wrap.
- A contrasting pipe has been added to frame these cushions.
- Our custom outdoor covers are strongly recommended as an extra layer of protection against the elements and natural aging.
- If the furniture will remain covered and not used frequently, we recommend periodically taking off the covers to allow moisture and humidity to dissipate from inside allowing the furniture to breathe. This helps reduce trapped humidity if the furniture is not regularly used.
