Formentera Dining Table 108"

Designed by Kara Mann. Featuring exposed aluminum tube, twisted all-weather rope and deep green marble, our Formentera collection is organic luxury. The rectangular Formentera Dining table transforms traditional aesthetics for a coastal lifestyle — featuring a plank leg silhouette of tubular extruded aluminum, powder coated in bronze and hand woven with all-weather rope in our workshop. The rope features a twisted detail that recalls functional nautical ropes, while the interwoven grid creates a subtle but dense patternation of form over the aluminum substructure. Topped with a stone surface in your choice of marble or travertine, this piece is the perfect mix of contemporary materials for any outdoor space.
