

Vero

Vero, designed by renowned Italian studio Orlandini Design, is a bold statement in executive seating. Crafted for both luxury & performance, its sleek form is enhanced by Via Seating's proprietary comfort foam, injection-molded around an automotive-inspired metal framework for unparalleled durability & support. Choose from a variety of adjustable or fixed arm options, paired with either body balance or synchro control technology for a dynamic sitting experience. Perfect for executive offices, conference rooms & management spaces, Vero seamlessly blends refined Italian design with ergonomic excellence.

Design by Orlandini Design

Orlandini Design was founded by Paolo Orlandini. With his team of young creatives and designers, Paolo combines his 40 years of experience with a fresh, acute attention to new trends. Together they develop original, forward-thinking products that stand the test of time.

Smart Features

1) Ergonomic Backrest Adjustability: Vero chairs offer both high and mid backrest options equipped with a ratchet back function, allowing users to easily adjust the vertical position of the backrest for personalized lumbar support.

2) Arm Customization Variety: Vero offers a curated selection of fixed arm styles—from polished aluminum loop & cantilever designs to fully upholstered, panel-style arms—allowing for elevated aesthetics and tailored comfort.

3) Signature Comfort: Vero features Via Seating’s proprietary comfort foam, delivering long-lasting support with a plush, responsive feel that outperforms standard cushioning.

4) Range of Control: Choose between the auto-adjust body balance for intuitive movement or the quick-adjust cynchro for manual fine-tuning with seat depth adjustment, forward tilt, 5-position tilt limiter, back tension & height adjustment—delivering total ergonomic control.
