

# Vista II

Vista II is a beautifully crafted, stackable multi-use chair that seamlessly blends comfort, functionality & thoughtful design. With smooth curves & contoured comfort foam seats featuring a waterfall edge, it provides an inviting sit for any space. Designed with healthcare & high-traffic environments in mind, the open space between the back & seat allows for effortless cleaning, while the elegantly arched rear legs create a smart, wall-saving frame. Available as a side/guest chair, stool, or bariatric chair, Vista II offers versatility with upholstered, mesh, or poly back options—making it the perfect balance of style & practicality.

## Design by Via Seating Design

Via Seating's visionaries are a multidisciplinary team dedicated to creating signature products & concepts. Together, they craft modern, sophisticated & original seating solutions that are not only ergonomic & beautiful but also sustainably designed.

# Vista II

## Smart Features

**1) Back Style Flexibility:** Vista II offers a choice of upholstered, mesh, or poly back options, allowing customization for comfort, breathability, or easy maintenance to suit diverse environments.

**Arm Options:** Vista II chairs offer fixed arm options in matte black or grey polyurethane, providing ergonomic support and durability.

**3) Signature Comfort:** Vista II Via Seating's proprietary comfort foam, delivering long-lasting support with a plush, responsive feel that outperforms standard cushioning.

**4) Wall-Saver Frame Design:** Vista II chairs feature elegantly arched rear legs that prevent contact with walls, preserving both the chair and surrounding surfaces—ideal for high-traffic and healthcare environments.
