

# Voom™

Va va Voom! The Vooom™ series designed by Jörg Bernauer provides comfortable, private & versatile spaces made to focus and unwind. This quadruple award-winning design offers two back heights—a mid back and high back, both with distinct wing arms. Embodying great design, function and comfort, Vooom™ also delivers a sustainable seating solution. The shells are made of up to 60% recycled, shredded, PET bottles & are themselves 100% recyclable.

## Design by Jörg Bernauer

Jörg Bernauer was born in Konstanz and studied at the State Academy of Fine Arts in Stuttgart during the 90s under Prof. Richard Sapper and Prof. Klaus Lehmann. Immediately after university he worked as an independent designer for various customers in the field of industrial and furniture design. His designs for household furniture and lighting have won various Red Dot Design, IF Design & Good Design awards.

## Smart Features

**1) Innovative & Sustainable Shell:** Voom™ features a lightweight form fleece shell made of up to 60% recycled PET bottles, offering 100% recyclability, sound suppression, and ergonomic comfort. Certified to OEKO-TEX® Standard 100, it's skin-friendly, durable & static-resistant—formed through a precision molding process that ensures structural stability and modern appeal.

**2) Integrated Wing Arm Design:** Voom™ chairs feature a distinct wing arm design seamlessly integrated into the form fleece shell, providing both ergonomic support and a sleek, modern aesthetic. This design enhances user comfort while maintaining a minimalist profile, making it ideal for various settings.

**3) Base Versatility:** Voom™ offers a variety of base options—including 4-leg, wood and 5-star 360° swivel styles, adapting effortlessly to lounge, meeting & workspace environments.

## Product Detail

### Models
